Mr. Robert L. Morgan
State Engineer
Utah Department of Natural Resources
Division of Water Rights
1636 West North Temple
Salt Lake City, UT 84116

Dear Bob:

This letter is written in response to your letter of August 28, 1992, notifying us of the opportunity to submit comments on the final draft of the proposed Utah Lake Distribution Plan.

In addition to the comments we have submitted to you in previous correspondence, the District would like the regulation balance in the 5,000 acre-foot regulation pool carried over from year to year. This will prevent any possible accumulation of shortages from year to year. If the regulation pool is short at the end of one year, it can be made up during the beginning of the next year.

We appreciate the opportunity to be involved in the process of developing this plan and will be in attendance at the public hearing on September 29, 1992.

Sincerely yours,

A handwritten signature in cursive script, reading "Don A. Christiansen".

Don A. Christiansen
General Manager
